Innovation & dedication that invigorate us in growing beyond acceptance, as a full-range engineering services company

R S Projects (Pvt) Ltd, is a prominent organization, favorably handling projects across the island and worldwide. With a team of innovative engineers, the achieved number of engineering projects are valued to excess over billions.

The company relies on the constructions that are built, not only on construction materials but also with a tremendous way of exchanging information and tenacious relationships. This company is entrenched to cater outright and comprehensive engineering solutions.

Establishment, History & Stability

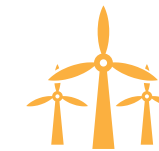

That significantly projected a denomination in the industry

R S Projects (Pvt) Ltd was established in the year 2006, endowed by a crew of innovative engineers who desired to broach a brimming full-range engineering services company to serve the communal with all facets of construction and urban development. At that pace there were no aforementioned companies to hand over the overall engineering solutions to the public.

The company originally initiated with further significance into mechanical and electrical sector but subsequently the founder executed it to an outright engineering solutions company. Instituted as a self-funded company accompanying a limited initiative along with endurance, yet within few years the company has achieved an ambitious level of improvement. R S Projects (Pvt) Ltd, is an accredited finite liability company based in the alluring city of Colombo, Sri Lanka.

Nevertheless, this company has not been restricted to projects within Sri Lanka. In addition the company had directed a number of projects overseas. This association is specialized to serve for governments, hospitality sector, medical institutions, power and energy, telecom, textile, manufacturing and public sector etc. and exclusively serves the corporate government sector and private sector, thus substantially embroiled in intermediate and gigantic construction projects in the precincts of Civil Construction, Mechanical, Electrical and Water Treatment.

Meanwhile in the region the company is a colossal competitor with the proficiency of catering comprehensive engineering solutions without joint ventures. Company's expertise in the industry is extensively renowned. Even though the venture has negotiated approximately over a decade, the company has substantiated the expertise. Alongside a steady directorial and management team with years of experience together with a dynamic workforce, the company is reliable and acknowledged for superiority.

Our vision is to embellish the market-leading, total engineering solutions provider in the region.

We are excellence driven and committed to nurture and cater customer needs by constantly providing quality products and services at an affordable price whilst offering unparalleled engineering capabilities to our business partners, and providing the opportunity for our employees to furnish their skills and career path.

Serving Public Sector, To forge healthier Lives

Project / Sector	Public Gymnasium
Location	Kimbulawala - Battaramulla, Colombo, Sri Lanka
Client	Land Reclamation Authority, Sri Lanka
Work	Construction, Steel Structures & Roof, Electrical Wiring & Mechanical Installations, Interior and Exterior Design, Plumbing Work

Up-lifting Lives of People, By intensive infrastructure development

Project / Sector	Werasganga Development / Irrigation & Land Drainage
Location	Raththanapitiya, Colombo, Sri Lanka
Client	Sri Lanka Land Reclamation & Development Corporation
Work	Dredging & Piling, Construction, Reclamation Work

Empowering Education Sector, By expediting multimedia-learning

Project / Sector Auditorium Construction / Civil Construction & AV Solutions

Location Colombo 7, Sri Lanka

Client University Grants Commission

Work Civil Construction, Stage Timber Deck Floor, Lighting, Audio Visual Solution, Seating etc.

Underpinning the Economy, To facilitate and widespread opportunities

Project / Sector	Divulapitiya ' Sathi Pola ' / Civil Construction & Steel Roofing
Location	Divulapitiya City Centre, Divulapitiya, Sri Lanka
Client	Ministry of Economic Development, Sri Lanka
Work	Civil Construction, Steel Structures & Roofing, Infrastructure Development, Road Work

Extensive Water Treatment, To ameliorate Purity

Project / Sector	South of Kandy Water Supply Scheme / Water Treatment
Location	Meewathura - Peradeniya, Kandy, Sri Lanka
Client	Degremont, Denmark
Work	Supply, Installation of M&E Equipment & Machinery, Plant Automation & Maintenance

Flourishing Rural Water Supply

Via piped water supply for rural areas

Project / Sector	Wadinagala Water Supply Sector
Location	Wadinagala, Ampara, Sri Lanka
Client	Eastern Provincial Council, Sri Lanka
Work	Design & Construction, Treatment Plant, M&E Work, Maintenance

Erecting Multi-Story Buildings, In collaboration with state-institutions

Project / Sector	District Secretariat Building
Location	City Centre - Badulla, Sri Lanka
Client	Ministry of Public Administration & Home Affairs, Sri Lanka
Work	Aluminium Work, Interior Construction, Cladding Work, Roof Renovation, CCTV Security System & Total Audio Visual Solution

Reinforcing the Health Sector

Towards the betterment of the community

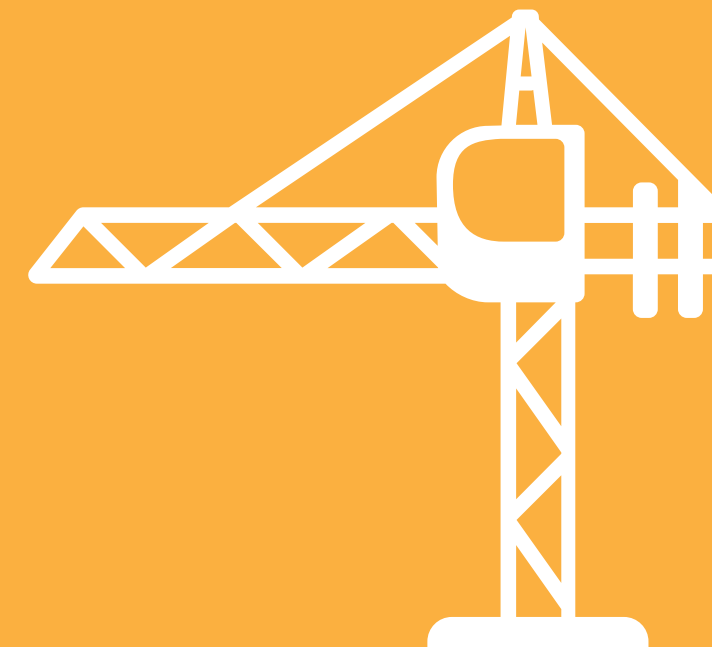

Project / Sector	Hospital Sewage Treatment Plant
Location	Base Hospital, Monaragala, Sri Lanka
Client	Ministry of Health, Sri Lanka
Work	Design, Civil Construction, Treatment Equipment, Pumps & Equipment Supply Installation

April, 2014	Aranayake Pradeshiya Sabha	Construction of Three Storied Multipurpose Building at Dippitiya
March, 2014	PRDA (WP)	Construction of Jogging Track at Gampaha Orutota Stage II
February, 2014	Sri Lankan Air Lines	Re-roofing of Service Building Final Stage at Engineering Hanger Katunayake
December, 2013	SLLR & DC	Construction of Nugegoda - Rattanapitiya Canal Package 07
December, 2013	SLLR & DC	Renovation of Proposed Gymnasium at Kimbulawala
November, 2013	EPWSDP (RWC)	Supply & Installation of Electro Mechanical Equipment for Wadinagala WSS
September, 2013	SLLR & DC	Construction of Roof at Atomic Energy Site - Wedamulla
September, 2013	SLLR & DC	Finishing of Internal walls & soffit of Block A - Salamulla Kolonnawa
August, 2013	CECB	Supply & Installation of Electro Mechanical Equipment for WTP at Monaragala Hospital
May, 2013	NWS & DB	Supply of UV Steriliser for Sri Padha WSS
May, 2013	UGC	Refurbishment of Auditorium at University Grants Commission.
July, 2012	PRDA (WP)	Construction of Sathipola and Two-storied Building at Divulapitiya
December, 2010	Degremont A/S Denmark	Supply, Installation, Commissioning and Testing and Maintenance of Electro Mechanical Equipment for Kandy South WSS
December, 2009	MAS Fabric Park Pvt Ltd	Construction Work at Training Centre Building for MAS Fabric Park Pvt Ltd
